

Plastic Box InsertBox Connect

Individual packaging that can be connected to form sets. Ideal for the safe transport of high-quality indexable inserts (PCD/CBN).

Material

- Polypropylene (PP)
- Polypropylene (PP) made from 100% recycled plastic (post-consumer recyclate)

Product Range

- PP transparent or in a variety of attractive standard colors
- also available made from 100% recycled plastic (post-consumer recyclate)
- individual holding geometries and compartments possible on request

Product features InsertBox Connect

- plastic box with or without center post for holding ISO indexable cutting inserts
- the center post as well as distance rings in the base and lid prevent contact of the cutting edges with the packaging
- two sizes and different holding geometries provide the optimal packaging for a wide variety of insert geometries
- in the closed box, the pin is stabilized by an additional fixation in the lid and thus remains intact even in case of heavy impacts
- the boxes can be connected to each other to form sets using a plug-in function on all sides
- interconnected boxes form a plain, continuous surface for labels and inscriptions
- secure integrated latch and hinged lid
- suitable for automated processes
- no packing and repacking of single units necessary
- sturdy, oil and moisture resistant
- sustainable, resealable, reusable and recyclable
- excellent for stacking and storage
